

+kouple

CATALOGUE

2024 - the year that defines world history

+kouple one of the leading companies that formed an object design industry in Ukraine. Simplification and unification are the components of our design style.

The company is built on the principles of clean, minimalist lines and shapes of objects. The team bases their perception on design laconism, application convenience, and pleasant textures.

“You must take your time and look deeper to appreciate the surroundings profoundly”
